16.	Vocal 3	mic (Shure Beta 58, SM 58)	

Monitor Mix

4 separate ways if possible

Monitor 1-3: (probably) all vocals

Monitor 4: keyboards

everything else depending on room acoustics

FOH Mix

Please keep it as natural as possible – a little reverb on the vocals, no compressors or gates unless absolutely necessary, **no** special effects in ballads and **no** disco bass drum. :-) THANK YOU!

We do not bring our own technician.
